SUBJECT.

File re the Inspection Notes of the Munroi Superintendent of the Bangalore District Secretary

PREVIOUS REFERENCES.	LATER REFERENCES.

Notes of Inspection by the Muzrai Secretary, of the Muzrai Institutions at Bannerghatta, in the Anekal Taluk.

6th June 1905 — Left Bangalore for Bannerghatta on the morning of the 6th June 1905 and arrived at about 10 A.M.

Bannerghatta is about 12½ miles from Bangalore. It is often visited by pilgrims who go to worship the deity in the ancient temple of Champakadhamaswami. There is a Government Chattram and several private Chattrams here, which provide accommodation to travellers.

Sri Champakadhamaswami temple:-

The interior of the temple including the Sannidhis of the God and the Goddess, which is stated to have been thoroughly repaired some years ago, is in very good condition. The Pakkala or kitchen however is in a very bad state, the walls having cracked and fallen in places. The

(
)

is not clear. The Deputy Commissioner has been asked to report if there are any previous references to show that the mantap was promised to be reconstructed.

The car belonging to temple requires repairs. The Archaeologist Mr. T. Ramachandra has showed an estimate for repairing the car cost of about Rs. 190/-. He was requested to send it up through the proper channel including therein the cost of painting the roof either of tiles or of [illegible]. He was also requested to send a statement showing the receipts from Kodiyeri of the temple for the last 5 years.

The Government Chairman:-

This building is not by the side of the temple. It seems it was built about 50 years ago. Some of the Archaeologist of the Department should go and see its contributions. It is dangerous. In land, the annual income of the temple to be Rs. 100/-. The building should be after by the Department.

and the entire management rests with the Govern ment in the Muzrai Department. The building is in a fairly good condition but it is somewhat dark. Sufficient light can be secured by enlarg- ing the present windows and by opening out some more. The kitchen portion of the Chattram also requires repairs. The rooms there have no doors. The Amildar was asked to send up an estimate for all the above items of work.

The chattram provides accommodation to travellers but there are no cooking utensils to be supplied to them. An estimate will be called for.

By the side of Arumachala Mudali's Chattram there is a mantap originally intended for placing the car. It has no roof and the walls require repairs, a gate with doors is also re- quired. This building, if completed, will be used for depositing the many Vahanams of the temple, which now take up much useful space in the large hall of the Samadhi of the Goddess. An estimate will be called for

Board-No 52 dated 7th July 1905

of the temple have also to be thoroughly repaired.

The late Mr. Rai Bahadur Sabhapathi Mudaliar's Chattram situated on a site to the Government Chattram is in a very dilapidated condition, and is a source of danger to the public. The Municipal authorities had been trying to have it repaired or the site of the deceased, but without success. The Deputy Commissioner has been asked to take the needful steps for removing the nuisance.

Board-No 51 dated 7th July 1905.

At the confluence of the Vaigai and the Varaha Ar[illegible] there is an Ammankoil at Tirupuvanam. One Ramaiah, formerly a contractor, represented that he had repaired the temple to a certain extent at his own cost and requested that the local authorities should be prevented at Government cost. An estimate for the work will be called for from the Deputy Commissioner.

7th June 1905 Returned to Mr. Hare on the morning of the 7th June 1905.

Submitted to the Dewan
[illegible] the 24/6/05.

Notes of Inspection by the Muzrai Secretary, of the Muzrai Institutions at Bannerghatta, in the Anekal Taluk.

6th June 1905 — Left Bangalore for Bannerghatta on the morning of the 6th June 1905 and arrived at about 10 A.M.

Bannerghatta is about 12½ miles from Bangalore. It is often visited by pilgrims who go to worship the deity in the ancient temple of Champakadhamaswami. There is a Government Chattram and several private Chattrams here, which provide accommodation to travellers.

Sri Champakadhamaswami temple:-

The interior of the temple including the Sannidhis of the God and the Goddess which is stated to have been thoroughly repaired some years ago, is in very good condition. The Pakasala or kitchen however is in a very bad state, the walls having cracked and fallen in many places. The

Yagasala too is reported to be leaky. Estimate will be called for from the Deputy Commissioner for those works which are of an urgent nature.

The compound wall has fallen down in many places, but the thorough repair thereof is likely to cost a large sum and it need therefore be undertaken immediately.

The Archak requested that four brass lamp posts might be supplied for use in the Garbhagudis of the God and Goddess for Ahhanda. An estimate will be called for this also.

In the middle of the outer Prakara there was a stone mantap (called the Kalyana Mantap) constructed by one Ram Singh. As it was a hindrance to those that went round the temple for Pradakshina, it was dismantled in 1899, under the orders of the then Deputy Commissioner. An estimate has now been sent up by the Deputy Commissioner for Rs. 300 and odd for constructing a similar mantap in lieu of the one demolished, on a separate site near the Yagasala, proposing that the cost be met from the temple savings. The necessity for undertaking this work at the cost of the temple

is not clear. The Deputy Commissioner has been asked to report if there are any previous references to show that the mantap was promised to be reconstructed.

The car belonging to temple requires repairs. The Amildar Mr. T. Ramachandra Rao showed me an estimate for repairing the car at a cost of about Rs. 190/-. He was requested to send it up through the proper channe including therein the cost of putting up a reef either of tiles or of grass over it. He was also requested to send a statement shewing the receipts from Kanikes &c of th temple for the past 5 years.

The Government Chattram:-

This building is just by the side of the temple. It seems it was built about 50 years ago by Subbarayan then Amildar of the Bangalore Taluk, from ~~the~~ private contributions. It is endowed with an Inam land, the annual income of which is reported to be Rs. 100/-. The building is looked after by the Parpattegar of the temple and

and the entire management rests with the Govern
ment in the Muzrai Department. The building is
in a fairly good condition but it is somewhat
dark. Sufficient light can be secured by enlarge-
ing the present windows and by opening out some
more. The kitchen portion of the Chattram also
requires repairs. The rooms there have no doors.
The Amildar was asked to send up an estimate for
all the above items of work.

The chattram provides accommodation
to travellers but there are no cooking utensils
to be supplied to them. An estimate will be called
for.

By the side of Arunachala Moodr's
Chattram there is a mantap originally intended
for placing the car. It has no roof and the walls
require repairs, a gate with doors is also re-
quired. This building, if completed, will be
used for depositing the many Vahanams of the
temple, which now take up much useful &&&&&
space in the large hall of the Sannidhi of the
Goddess. An estimate will be called for.

The two stone mantaps on the left side

of the temple have also to be thoroughly repaired.

The late Mr. Rai Bahadur Sabhapati Moodr's Chattram situated opposite to the Government Chattram is in a very dilapidated condition, and is a source of danger to the public. The Amildar told me that he had been trying to have it repaired by the sons of the deceased, but without success. The Deputy Commissioner may be asked to take the needful steps for removing the nuisance.

At the entrance of the village there is an Anjaneya temple enjoying a small Tasdik. One Ram Singh, formerly a contractor represented that he repaired the temple to a certain extent at his own cost and requested that the leakage from the roof should be prevented at Government cost. A small estimate for the work will be called for from the Deputy Commissioner.

7th June 1905 Returned to Bangalore on the morning of the 7th June 1905.

27/6/05

Secretary, Luzrai Department

Inspection notes of the
Sanitary & Local-, Nungambakkam
Dept.

August-
1904.

With the permission
the Deputy started on a tour
of inspection of the various
Institutions in all- Chingleput
Kanchipuram and Conjeevaram

6th 2. Left- Bangalore by 8-2
Aug. train on Saturday the
6th August- 1904 and arrived
Chingleput at- 10 Aug. met-
near the Rly station the Senior
Divisional Assistant- Commr
Mr. Chengiah Chetty and
the Rly Subhedar and Accomp-
-anied him. Inspected the
following municipal Institutions
in the Chingleput- town :—

(1) The Arthreswara Temple
(2) The Agraharam Anjaneya Temp
and (3) The Gummadi Mosque.

3. The Arkeswara Temple which is situated on the of the river Arkavati, is - to have been built by Baraigha Balaji Rao, who appears to have been an influential member in the military Department during the reign of Krishnaraja Wodiyar Bahadur III. There are principal deities in the temple viz Arkeswaraswami Veera Kopalakrishnaswami and ~~Annamma~~. Parsvanatha Devi, enjoying in all a fixed ground- of Rs 87-4-0 per annum In addition to the cash ground, the temple is endowed with extensive lands Inam ~~land~~ ^ ~~Jaidad~~ in the ~~Mandya~~ taluk. The lands are

the Shanmukhasee Balaji
Rao, grandson of the
original founder of the
temple. The average annual
income from the land
known is said to be Rs
and the details of expenditure
including the establishment
charges is as follows.

× × × × × × ×
× × × × × ×

4. The temple is in good
condition but the verandah
around the which is within the
temple premises is in a dilapidated
state. An estimate will
be called for, for repairing
it and the Shanmukhasee
Balaji Rao will be required
to execute the repairs from
the income of the temple.

5 Anjaneya swamy temple

in Ramanathapuram is endowed with a cash grant- Rs 17-7-4 per
is in good condition but- 2[illegible]
the Archaka-Sarvai Iyengar is

looks. This should be
to avoid a small
if necessary, may be
by the Dy Sheridar to prevent
leakage. The temple has
a large compound, overgr
with worthless plants. The
the grass in the compoun
is burned out- every year
it- may but perhaps yiel
a small income for the
benefit of the temple. The
Dy Comm will be addressed
on the subject. The temple
woes, it- seems, enjoying
some nice allowance from
the Chettiars and the
Arcot Commissariat but
it- shd have stopped.
This will be enquired into.

6. The Jummapunjal
gets a Sanskrit ground- of

R

Rs 87-4-0 per annum - The building is in good condition - a portion of the wall requires repairs - The House on the land ~~was~~ is in tiers, not in good order - The Dy Comrs will be requested to induce some of the interested ~~persons~~ proprietors ~~to~~ in the town to do at their own cost the necessary repairs to the House and the Compound wall.

7th August 1904.

7. Started from Cheyyal to Kuttambakkam at 8 A.M. inspecting on the way the Bhuvaneswara Temple on the Ramma Lingeswara hill.

8 The Ramma hill is situated but close-

Chenpet and road
about 8 ½ miles for
former. There are two
temples on the hill
to Rivona Siddeswara
and Bhimeswara,
enjoying a total Inam
ground of Rs 11-10 - a common
We have to pass through
Kunigal, Gowdagere Doddi
and Somenahalli to go to
the hills. The Rivona Siddeswara
temple is on the summit of
the hill, while the
Bhimeswara temple is
about the middle of it.

The temples, though not
enjoying a large Inam
ground, has a large
number of devotees from
whom Kanikes are collected
according to the seasons
sometimes

There are two Lingas in
the temple said to have
been consecrated by
Bhairavanya and
Bhima during their
wanderings

sanctioned by Govt. It
is a self supporting institu-
tion. The Yogeswara is the
sole Dharmadhorsee appointed
by Govt. The temple has
no car of its own, but
the car-festival is
conducted every year
using making use of
the ordinary car used
for the occasion - The
Yogeswara ~~Dharmadhorsee~~

The Yogeswara wants a
new car to be provided
for the temple and he says
work to have one made
at a cost of about
5 hundred Rs by
Govt - He was asked
to give a regular estimate

7th & 8th August 1904

9 Inspected the Institutions in the Kurkum-
hilli town :—

(1) Villedurgal Anjaneya Devasam temple

(2) Killi Ranganatha swami Temple

(3) Kallakulli Venkata ramanaswami Devasam temple

(4) Mulagalu Anjaneya - devasthanam temple.

(5) Masjid at Kurkumbilli

There is nothing worth noting in respect of the Anjaneyaswami Temple, which gets a Dasik ground of Rs 5-13-4 per annum.

11. Ranganathaswami (otherwise called Killi Venkata ramanaswami) temple, which is situated in the Fort is in receipt of annual Dasik of Rs 48-4-4, in addition a small Inam land of 7 - 25 by assessed at Rs 6-8 The lands are in the occupations. The

temple has savings at its credit as follows :—

	Rs as P
(i) Invested as Endowment	491-4-11
(ii) Surplus funds	136-7-4
(iii) In savings bank	635-3-1
Total	Rs 1262-15-4

12. The general complaint in this temple is the non-payment of the salaries to the servants regularly. The servants have to be paid their salaries from the interest accruing on the Endowment loans, but the interest is not regularly collected - In some cases the persons that have taken the loan are not willing to pay the interest while in others the principal itself is irrecoverable. The Servant

Asst Comrs Mr Chungath
Chitty and the Amildar
Mr Krishnama Naidu
were requested to investigate
each case separately and submit-
for the orders of Govt-
a detailed report in
view to enable the Govt to
decide which of the items
should be written off
as irrecoverable — They
were also requested to have
fresh documents executed
from the parties benefit-
have no objection to the
repayment of the loans —

13. The temple has been
almost rebuilt at a heavy
cost of about 7 or 8 thousand
Rs — The work is substantial
and appears to have been

done under the personal
supervision of Sreekanta
Shivacharya, a devotee
much interested in the
welfare of the Institution.
Towards the total cost
of the repairs, only a sum of
Rs 1200 and has to be
raised from the State Govt-
hence I send a separate
note will be submitted
on this subject —

4 Kallahalli Venkatramana
Swami Temple. —

14 This temple is about
1½ miles from Kankanahalli
and is reputed to be
much frequented by the
devotees. The main temple
is in good condition,
but very dark. A step
light in the gopuram
gopuram is very necessary

necessary - The Bro Comrs
will be addressed on the
subject -

15 ಕೆ ಇ ಶಾಲೆಯ ಆವರಣ in
the Compound is in a dis-
-reputed state - ~~It should~~
~~be attended~~ The Architect was
asked to send up a small
~~repair~~ estimate for its repairs.

16 It seems several
marriages take place in
this temple and a large
number of people assemble
here during the festive
season - There is no
Dakhi kept here at
present - The Bro Comrs
will be asked if it is no
desirable to keep one &
to collect Rewards from
the

the devotees come to bring
a small fee of one or
two kies on each occasion
known in the temple during
the car-festival.

17 The temple is endowed
with dry and wet-lands
to the extent of 5-8-1 as
per statement appended.
These lands are all in
the enjoyment of the tenants
who pays out of their income
the salaries of the
musicians and the gastrali.

18 As regards the keep of
Mathadeswara temple
at Malaipalu :—

19 The temple is about
2 furlongs from the town
and is endowed with the
known lands & to the extent
of

A & B
30 - 31. The temples are all harmoniously housed and the temple expenses including the pay of the staff are met out of the endowments due to the temple. The savings of the institutions are as follows -

(i) Invested in the Endowment Funds	772-10-6
(ii) Surplus funds	265-4-7
(iii) Savings Bank deposit	1247-9-3
Total Rs	2285-4-4

For the new consecration of an Amman idol in a new temple under construction near the temple, a portion of the compound wall has been dismantled by

by one Hasiga Gundappa,
who has undertaken the work
~~at the cost of~~ by private
contributions. The Builder
was requested to have the
dismantled portion of the
reconstructed portion wall
at once
. reconstructed by the third
^ ^
Gundappa, as the new
mantap is being built on
a separate site.

21 The temple is dark
and it is necessary to have
a skylight opened in the
forthcoming mantap - The
Dy Comr will be addressed
on the subject.

22. This temple has also
certain Endowment accounts
regarding the necessity of
which the DC will be

Masjid al-Kudkumballi -

23. This is also a mosque in Dustu. The building is in a dilapidated condition, and the foundation has sunk in some places — The estimated cost is said to be about 3 thousand Rs and the devotees have collected contributions to the extent of about 4 hundred Rs — They said that they would collect 600 Rs more and requested that the Govt would be pleased to pay the balance of Rs 2 thousand from the mosque funds — As the preservation of an Islamic in this case requires, I re

~~the~~ professional skill,
the D. P. W. will be asked
to send up an estimate
~~of~~ only
for such of the items
as are very necessary,
requiring them at the same
time to thoroughly examine
the foundation. Before
sanctioning the estimate
however, the persons
interested in the upkeep
of the Institution will be
required to bring into the running
contribution not-less than
half the estimated cost

8th August- 1904 24 Returned to Chaupal- from Ramkumarhalli.

Halt- Chaupal-.

9th " 25 Inspected the Rama- -dewara and the Ramesw- temples on the Ramadev hill

hill.

Rameshwaram Temple:-

26 This is about 2½ miles from the Chapel-tower & is situated on a hill. Tradition goes to say that the giant-Rakshasa was killed by the Rama in the forests surrounding this hill. The milk Vigraha is said to have been consecrated by Sugreeva. A stone mantap has been built within the compound of the temple from the Local Funds,- and the Seniar Assistant Commissioner Chetty proposed another building built from Local Funds -

27 The temple gets a small cash subsidy and is endowed with small grant lands. The only source of income to this temple is the Kanikes paid by the devotees. Almost all the services have been done from the interest due on the endowed funds lent to private individuals. There are two kinds of endowed funds in this temple viz (i) moneys lent by private individuals to others on bonds executed in favour of the temple, for the purpose of certain stipulated services being done from the interest; and (ii) moneys lent from the

the temple funds provide individuals with the object of securing a high rate of interest than that is given in the Savings Bank. In both cases, the interest on even the principal is difficult to be recovered. The Senior Asst. Comr. and the Dy. Co. Auditor are Assistant Commissioners were requested to investigate each case and submit a detailed report.

28 The temple is said to be leasing. The leases should be stopped at a small cost.

29 The devotees have seems, a Kulasai [illegible]

ready who used for Sopura-
The local Officers will
be requested to see that
the work is done early —

30 A serious incident
was brought to notice in his temple —
That is, the Shanmadasas
have been ~~[illegible]~~
carrying on mutiny
transaction in connection
with the temple, without
the knowledge of the local,
Magisterial Officers — The
former receive the Endowment amounts
Principal & Interest — from the persons that borrowed
them and lend them to other
private individuals at their
free will and pleasure —
They have even used the
amounts in filing suits
in their name against

against- those that- failed
to pay the temple money*
that- to them. In some cases
they have also utilized
on the Endowment- fund of one
the interest- for purposes individual
of conducting the services
of others, although the
interest- on the Endowment-
fund of the latter has
not- been collected — Such
irregularities should
be put- a stop to at- once,
~~The Board~~ and they the
not- be allowed to have
anything to do with the
money dealings — The
Board Court will be addressed
on the subject- —

31 It- was also brought-
to notice that- they have
collected

amount kept with them a
sum of Rs 200 being the
principal of the Sadhanā
amount lent to two private
individuals. The observa-
-dars, when questioned
on the subject, said that
they had the amount
ready with them, but that
in compliance with the
wishes of the original
donor, they wanted to
lend the money to others
for a higher rate of interest
than that allowed in
the Post-Savings Bank.
The money they assigned
was that the intended
Swārtha could not
be constituted from
the

small interest accruing on the
amount if invested in
the Savings Bank and
kept in order to secure
the full amount of the
interest as intended
by the donor, its lending
to private persons at a higher
rate of interest was necessary.
A separate note will be
submitted on this point.

32 Another inequality
that came to my notice
was the Archaeo Collecting
the Kunkas or annual
collecting them for their
own use - A sum of Rs 5
for every marriage
celebrated on the hill
and a sum of rupee
one

one for every Locksmith
are limited by the Archons
and after keeping a portion
of the amount to pay
musicians and the
Archons of the Ramnians
temple, they utilize the
balance for themselves—
Re one for the marriage
and annos two for
the actions are then
amounts fixed to be
paid to the temple, and
even this amount is kept
by themselves under the
plea that they ~~[illegible]~~
have the cost of re-
a wooden statue in the
temple, for which a
certain amount is allowed
^ have

been invested as Endowment-
fund- the interest- on which
was not properly collected
and paid to them — This
procedure is very improper.
The whole amount- of
Rankins should be paid
into the Treasury and
the amount- properly due
to the Schools should
then be drawn by the
Dy Inspector on a separate
bill and — disbursed
to them — The Dy Comrs
will be addressed on
the subject.

Ramaswamy Temple
on the hill :—

33 The Maharaja in

This temple is said to have been constructed by Yagneswara. The Gurukkal and the Sukanasi mandaps are in dilapidated state. The stone slabs on the door frame of the Gurukkal has cracked and is in a dangerous position. This requires immediate attention. The Senior Asst. Comr. and the Dy. Architect were of opinion that iron girders and railings might be used as supports. The temple is also said to be leaky, and a small brass Kalasa seems necessary for the Sopana. An estimate has been urgently called

10th August-
1904.

Closing of Ranganadi.

36 Inspected the Sri Ranganathaswami temple at Srirangam. The Dy. Comrs. and Sparkes had submitted an estimate for repairing this temple and each item of the proposed work was carefully seen - A ~~separate~~ note on the file connected with this subject will separately be submitted.

Though the temple is called the Ranganatha-swami temple, the main Vigraha is Venkata-ramanaswami and is said to be worshipped by Ananda Maharishi. A cattle fair is held in

in connection with this temple in the months of Chittra and has one levied on every head of cattle — the proceeds being utilized for the benefit of the institution.

11th August-1904.

38 Inspected the following institutions in the mofussil town :—

(i) Rameswara temple
(ii) Kasi Visweswara "
(iii) Gnanasunna Rameswara "
& (iv) Venkatesaperumalswamy

39 Customs urgent-repairs are required to the Rameswara temple and it was reported that an estimate has already been submitted to the Dy Commr. He will be addressed on the subject-

40 Sri Swamy a sum of Rs 100 was handed over to Sri Swamy as Endowment for certain Swamy but the said Swamy is not being conducted. The matter will be enquired into.

41 The main door of this temple has been replaced by a new one at an estimated cost of about Rs 25 and the Contractor demanded payment. The Swamy Asst Commr was asked to make an official reference on this point.

Kasi Viswesworaswamy

42 This temple is in the heart of the town. One Subbaswamy is said to have built the temple about 50 years and endowed

it with help of his known-
-manager village of Siege-
-kuppe, but this village
is reported to have been
subsequently alienated by
the descendants of the
original donor. The
matter is under consi-
-deration - The temple is
in excellent condition -

Prasanna Ramaswamy
& Venkataramanaswami
Temples. -

43 These temples require
certain petty repairs. It
seems some private con-
-tribution has already
been collected. The Archaka
was asked to send up
a small estimate to repair
the buildings -

11th August- 1904

Started off to Chuprut- in the afternoon -

12th August- 1904.

Chuprut- to Pirsoli

44 Inspected the Cantonment at Pirsoli. The Cantonment building is in good order. This is one of the Cantonments where new system was introduced by the late Surgeon Sunbury. The Senior Asst- Comm- suggested that funding might be removed here. The matter requires consideration -

45 Examined the Cantonment accounts and found that a Karkoon was recently employed under the

ಕಾರ್ಯನಿರ್ವಾಹಕ ಅಭಿಯಂತರರು (ಸಿವಿಲ್) ಹುದ್ದೆಗಳ ನೇಮಕಾತಿಗಾಗಿ ಅರ್ಜಿ ಆಹ್ವಾನ

ಕರ್ನಾಟಕ ವಿದ್ಯುತ್ ಪ್ರಸರಣ ನಿಗಮ ನಿಯಮಿತದ (ಕೆಪಿಟಿಸಿಎಲ್) ಕಾರ್ಯನಿರ್ವಾಹಕ ಅಭಿಯಂತರರು (ಸಿವಿಲ್) ಹುದ್ದೆಗಳಿಗೆ ಅರ್ಹ ಅಭ್ಯರ್ಥಿಗಳಿಂದ ಆನ್‌ಲೈನ್ ಮೂಲಕ ಅರ್ಜಿಗಳನ್ನು ಆಹ್ವಾನಿಸಲಾಗಿದೆ. ಒಟ್ಟು ೨೪ ಹುದ್ದೆಗಳಿದ್ದು, ಅವುಗಳಲ್ಲಿ ೧೭ ಹುದ್ದೆಗಳು ಸಾಮಾನ್ಯ ಕರ್ತವ್ಯ ವಿಭಾಗಕ್ಕೆ ಮತ್ತು ೭ ಹುದ್ದೆಗಳು ಹೈದ್ರಾಬಾದ್ ಕರ್ನಾಟಕ ಪ್ರದೇಶಕ್ಕೆ ಮೀಸಲಾಗಿವೆ. ಅರ್ಜಿ ಸಲ್ಲಿಸಲು ಕೊನೆಯ ದಿನಾಂಕ ೧೫-೦೩-೨೦೨೫ ಆಗಿದೆ.

ಅರ್ಹತೆ: ಅಭ್ಯರ್ಥಿಯು ಸಿವಿಲ್ ಇಂಜಿನಿಯರಿಂಗ್‌ನಲ್ಲಿ ಬಿ.ಇ./ಬಿ.ಟೆಕ್ ಪದವಿಯನ್ನು ಕನಿಷ್ಠ ಶೇ. ೬೦ರ ಅಂಕಗಳೊಂದಿಗೆ (ಪರಿಶಿಷ್ಟ ಜಾತಿ/ಪರಿಶಿಷ್ಟ ಪಂಗಡ/ಪ್ರವರ್ಗ-೧ ಅಭ್ಯರ್ಥಿಗಳಿಗೆ ಶೇ. ೫೫) ಪಡೆದಿರಬೇಕು. ಜೊತೆಗೆ ಕನಿಷ್ಠ ೨ ವರ್ಷಗಳ ಅನುಭವ ಹೊಂದಿರಬೇಕು. ಅಭ್ಯರ್ಥಿಯ ವಯಸ್ಸು ೦೧-೦೩-೨೦೨೫ಕ್ಕೆ ೨೧ ವರ್ಷ ಕನಿಷ್ಠ ಮತ್ತು ೩೫ ವರ್ಷ ಗರಿಷ್ಠವಾಗಿರಬೇಕು. ಪರಿಶಿಷ್ಟ ಜಾತಿ/ಪರಿಶಿಷ್ಟ ಪಂಗಡ/ಪ್ರವರ್ಗ-೧ ಅಭ್ಯರ್ಥಿಗಳಿಗೆ ೫ ವರ್ಷಗಳ ವಯೋಮಿತಿ ಸಡಿಲಿಕೆ ಇರುತ್ತದೆ.

ಆಯ್ಕೆ ವಿಧಾನ: ಲಿಖಿತ ಪರೀಕ್ಷೆ (೧೦೦ ಅಂಕಗಳು, ೨ ಗಂಟೆ ಅವಧಿ) ಮತ್ತು ಸಂದರ್ಶನದ ಆಧಾರದ ಮೇಲೆ ಆಯ್ಕೆ ಮಾಡಲಾಗುವುದು. ಲಿಖಿತ ಪರೀಕ್ಷೆಯಲ್ಲಿ ಸಾಮಾನ್ಯ ಜ್ಞಾನ, ಸಿವಿಲ್ ಇಂಜಿನಿಯರಿಂಗ್ ತಾಂತ್ರಿಕ ವಿಷಯಗಳು ಮತ್ತು ಕನ್ನಡ ಭಾಷಾ ಪ್ರಶ್ನೆಗಳಿರುತ್ತವೆ. ಲಿಖಿತ ಪರೀಕ್ಷೆಯಲ್ಲಿ ಅರ್ಹತೆ ಪಡೆದವರನ್ನು ೧:೩ ಅನುಪಾತದಲ್ಲಿ ಸಂದರ್ಶನಕ್ಕೆ ಕರೆಯಲಾಗುವುದು.

ಅರ್ಜಿ ಶುಲ್ಕ: ಸಾಮಾನ್ಯ ಅಭ್ಯರ್ಥಿಗಳಿಗೆ ₹೭೫೦, ಪರಿಶಿಷ್ಟ ಜಾತಿ/ಪರಿಶಿಷ್ಟ ಪಂಗಡ/ಪ್ರವರ್ಗ-೧ ಅಭ್ಯರ್ಥಿಗಳಿಗೆ ₹೩೫೦. ಶುಲ್ಕವನ್ನು ಆನ್‌ಲೈನ್ ಮೂಲಕ ಪಾವತಿಸಬೇಕು. ಶುಲ್ಕ ಪಾವತಿಸಿದ ನಂತರ ಅರ್ಜಿಯಲ್ಲಿ ಯಾವುದೇ ತಿದ್ದುಪಡಿಗೆ ಅವಕಾಶವಿರುವುದಿಲ್ಲ.

ಅರ್ಜಿ ಸಲ್ಲಿಸುವ ವಿಧಾನ: ಅಭ್ಯರ್ಥಿಗಳು ಕೆಪಿಟಿಸಿಎಲ್ ಅಧಿಕೃತ ವೆಬ್‌ಸೈಟ್‌ನಲ್ಲಿ ಆನ್‌ಲೈನ್ ಅರ್ಜಿ ಭರ್ತಿ ಮಾಡಿ, ಅಗತ್ಯ ದಾಖಲೆಗಳನ್ನು ಅಪ್‌ಲೋಡ್ ಮಾಡಬೇಕು. ಅರ್ಜಿಯ ಪ್ರಿಂಟ್‌ಔಟ್ ಅನ್ನು ಸಹಿ ಮಾಡಿ ಸಂದರ್ಶನದ ಸಮಯದಲ್ಲಿ ಸಲ್ಲಿಸಬೇಕು. ಅಪೂರ್ಣ ಅಥವಾ ತಡವಾಗಿ ಸಲ್ಲಿಸಿದ ಅರ್ಜಿಗಳನ್ನು ಪರಿಗಣಿಸಲಾಗುವುದಿಲ್ಲ.

ಮೀಸಲಾತಿ: ಸರ್ಕಾರದ ನಿಯಮಗಳಂತೆ ಪರಿಶಿಷ್ಟ ಜಾತಿ, ಪರಿಶಿಷ್ಟ ಪಂಗಡ, ಪ್ರವರ್ಗ-೧, ೨ಎ, ೩ಎ ಮತ್ತು ಮಹಿಳೆಯರಿಗೆ ಮೀಸಲಾತಿ ಅನ್ವಯವಾಗುತ್ತದೆ. ಹೈದ್ರಾಬಾದ್ ಕರ್ನಾಟಕ ಪ್ರದೇಶದ ಹುದ್ದೆಗಳಿಗೆ ಆ ಪ್ರದೇಶದ ಅಭ್ಯರ್ಥಿಗಳಿಗೆ ಆದ್ಯತೆ ನೀಡಲಾಗುವುದು.

ಹೆಚ್ಚಿನ ಮಾಹಿತಿಗಾಗಿ ಅಧಿಸೂಚನೆಯನ್ನು ಓದಿ.

28 & 29 November 1901]

Notes on the Muzrai Institutions visited by the Deputy Secretary on the 28th and 29th November 1901.

28th November 1901:—

Started from Bangalore by 6.55. A.M. Train and arrived at Mallidbung Railway station at 10.28. A.M. and thence started for the Sri Ghatè Subrahmanya Swami Temple across country. The temple is situated in a valley about 2 miles from the Railway Station. The surrounding hills are very picturesque, and the temple is a neatly built one, with a spacious Chaudrasálá (recently built) all round the inner Prákárá. This Chaudrasálá and the rooms at the four corners thereof provide some accommodation, but it is far from sufficient for the large number of pilgrims visiting this temple, particularly during the Jatra.

The Amildar Mr Gopalangar suggested that an additional doorway might be provided

from outside to the room on the Southern wing near the Mahádwára, so that it might be convenient to any Officers or other respectable persons to go into the room by that entrance, without being put to the necessity of entering the inner Prákáram with their boots on. This seemed to be a good idea, and the Amildar was accordingly asked to prepare an Estimate and submit it through the deputy Commissioner.

Communicate this to the Dy Comm:" W

Vide P 935
Dy 28th Dec 1901

There are 3 references pending in connection with this temple, viz:—

i. An Estimate received from the Dy: Comm:r for Rs 2902/- for Constructing the Mahádwára &c.

ii. An Estimate for Rs 790/- for certain urgent repairs in connection with the approaching Car festival.

and iii. A proposal for the appointment of an additional hand to the temple on Rs 7/- per mensem under the designation of "Mantrapushpa".

First Estimate for Rs 2902-

This consists of the following items of work:—

(1)	Rs 829--	Two rows of Parapet walls.
(2)	" 435--	Concreting the roof.
(3)	" 233--	Stone water-spouts, curb stones, Bench Stones &c — — —
(4)	" 1050--	Construction of a Mahadwara with iron ornamental gates including the cost of building an ornamental niche with a serpent statue in it—
(5)	" 116--	Doors for the northern, the Southern and the western doorway, as well as for the Sukanasi.
(6)	" 239--	Sundry works including contingencies— — — — —
Total	Rs 2902--	

As for the construction of a Mahadwara, the Amildar requested that professional opinion might be obtained from the Executive Engineer Mr. Venkataghar as to the design &c. A D.O has been accordingly written to the Executive Engineer to kindly send a design together with an Estimate of the probable cost. The question of double rows of parapet walls as now provided for in the present

Estimate will have also to be considered on receipt of the design from the Executive Engineer. Some kind of parapet wall to the front of the Navarenga mantap will add to the beauty of the temple. The Estimate for Rs 2902/ will on its receip from the Dy Commr. be reduced by Rs 1879– viz, the cost of constructing the Mahadwara, Rs 1050/– and that of the parapet walls – Rs 829/–, and sanction accorded to the balance of Rs (2902 – 1879) 1123 only.

As regards the Mahadwara and the parapet walls, separate orders will be passed on receipt of the Design &c from the Executive Engineer Mr. Venkatal

ii. The 2nd Estimate for Rs 790/– consists of the following items of work :—

(1) Feeding Brahmins during the Jatra ... Rs 250.
(2) Levelling the place and building temporary sheds at the Kitchen Rs 200.
(3) Erecting temporary sheds to provide accommodation to people ..... Rs 60.
(4) Newly constructing a Yagasala Rs 255.
(5) Contingencies — Rs 25

Total Rs 790.

(1) sanctioned (2) do (3) do } vide No. 784-
by 2nd Dec 0

. The Yagasala ceremonies are hitherto being performed in a small shed temporarily erected for the purpose during the Jatra. This recurring expenditure will be saved by the construction of a permanent building. But, owing to the great want of accommodation at present, it seems desirable to have a small building of 2 rooms which would serve as the Yagasala when required, and which might be used as a lodge by the Government Officers proceeding to the place on duty. I have accordingly promised sanction to the construction of such a building which is estimated to cost Rs 500/- The Deputy Commissioner agrees with me on this point, and I request sanction to the arrangement. The amounts asked for, for the feeding of Brahmins, for the erection of temporary sheds &c on account of the Jatra, have all been sanctioned as they are in accordance with Manual

This has been verbally sanctioned by the Dewan on my representation of the circumstances, and orders have been issued for the execution of the work. [illegible]

Vide Po. No. 881-2 Dy 16-12-31

The Amildar represented certain difficulties experienced by him in carrying out the Nuzrai works of Repairs, because no advance is paid to him, nor any impreat allowed in the Taluk, for such works; and he suggested that in view to avoid such difficulties in future, an impreat of Rs 50/- might be allowed. This point will be noted for consideration as a general question.

Want of accommodation seems to be keenly felt here by the pilgrims, especially during the Jatra, when a very large number of people congregate. A Chattram appears therefore very necessary. The Amildar pointed out 2 or 3 sites, but the one to the Southern side of the temple seems to be best suited for the purpose, having water convenience also near at hand. The Amildar was asked to submit an Estimate in due course for building a Chattram on this site.

The next important importants point urged by the

Vide R^o 992
dy 8^th January 1902

Amildar was about the acquisition of the lands on which temporary shops are held, and the cattle brought for sale are made to stand during the days of the Jatra. It seems these lands do not belong to the temple, but to some private individuals, who it is feared may, eventually claim the manure and even perhaps a portion of the tax, now being levied on the bullocks that are brought for sale. The Amildar therefore proposes to acquire these sites for the temple, by paying up some reasonable compensation and then to lease them for cultivation. The Amildar was asked to submit the matter officially with an Estimate of the probable amount of compensation.

The last point urged by the Amildar was about the appointment of a man on Rs 7/- a month for "Mantrapushpa" service. And he further suggested that the services of this man might also be utilized for supervising the affairs of the temple.

There seems to be no necessity for such a hand at present. The addition of a new supervising agency may be put off until the funds of the institution are brought into a more stable condition.

Vide No. 993 dt 8th January 19

The circumstances of this temple are peculiar. Although a temple of great antiquity, its income is very little, consisting only of a Sirkar cash grant of Rs 34-15-0 per annum. In consequence however, of the tax levied of recent years on the cattle brought for sale during the Jatra, it has had the good fortune of deriving an income of between Rs 2500 and 3000 annually, but this is a fluctuating and somewhat uncertain source of income. With the help of this income a great many improvements have been made to the temple and its surroundings at much cost, and many more have to be undertaken both for the temple and for the comfort and convenience of the pilgrims to the place. Such projects have in my opinion, to be taken up slowly and gradually, and first and foremost, a lump sum

should

should be invested in Govt. Pro: Notes, so as to ensure a permanent income of Rs 500/- per annum, which amount has been fixed for the ordinary Puja &c ceremonies during the year.

It seems it is under contemplation to extend the State Forest of Makli and to reserve the jungle all round and near the temple. The people represented to me that such procedure would tend to jeopardize their safety, as the jungle would become infested with wild animals. The petition may be referred to the Dist. Supt. for report.

/ Vide Docket no 1119 dated 22nd January 1902

Doddaballapur.—

Started from the Bhaktha Sri Subrahmanya Swamy Temple by road at 8.30 A.M. on the 29th and reached Doddaballapur Musafirkhana at 11.30 A.M. — a distance of 11 miles. The Musafirkhana is very conveniently situated for Railway Passengers.

Inspected the following
Institutions at Doddaballapur:—

(1) Kasba Chatram Anjaneyaswami:—

This temple is at the entrance to the town on the road leading from the Railway station. It enjoys a small Tasdik grant of a few annas a month. There is a pond faced with stone just opposite to it with a good supply of clean water which is of use when the water in the tank fails. It was repaired from the Local Funds at a cost of about Rs 500/. A small flower garden is formed near the temple and the gardener gets a pay of Rs 6/. per month— Rs 3 from Municipal Funds and Rs 3 from Local Funds. There are six windows opened in the walls of the temple all round but without window frames and shutters. The Amildar estimated the cost of these 6 windows at Rs 30/. and represented that the temple had no money at its credit. The amount will be sanctioned from the State grant.

This has been sanctioned vide Govt. Secs no 1114-5 dated 22-1-[illegible]2—

(2) Sri Prasanna Venkataramanaswami

(3) Sri Chandramouleswaraswami

Nothing worth noting here.

(4) Kuchepparapet Gopala Swami temple :-

Some repairs have been effected to this temple by the devotees, at their own cost; And they require some help from the Muzrai department to complete the repairs, such as the erection of compound wall, the stopping of the leakage &c. The Amildar has been asked to submit an Estimate through the Dy: Commr: for concreting the roof only in view to stop its leakage.

Vide Docket no 1116 dated 22nd January 1902

(5) Sri Svayambhuveswaraswami temple

This temple is situated about a mile from the town. It is a large one with a spacious compound. The Yagasala which is in one of the corners in the inner Prakara is a mud built one and one of the stone beames therein has cracked and is in a dangerous condition. This should be attended to by the devotees interested

Vide Docket no 1118 dated 22nd January 1902

otherwise it will have to be knocked down in view to prevent danger. The Deputy Commissioner will be asked to get this done and report.

(6) Sri Janardhanaswami temple :—

This temple is in the heart of the town, and many Vaisyas seem to be its devotees, and they have carried out certain repairs at their own cost to a considerable extent. They prayed for an equivalent grant from the Muzrai funds, to complete the repairs. The Deputy Commissioner will be asked to report on the point.

Another request of the Vaisyas was for the acquisition of a few shops in front of the temple in view to the construction of a proper Mahadwara. The Dy Commr will be asked to report.

"Let us wait till the people themselves apply through the local authorities. There is no urgency in the matter"
24/1/02

Do 24/1/02

Do

(7) Kille Gopalaswami temple :—

This temple is far from the town and the neighbours are non-Hindus. It appears the temple enjoys extensive inam lands. But the servants

are

are not reported to attend the temple regularly, as the surroundings are overgrown with lantana and the place gets deserted at night. The Amildar suggested that the idol here might, with advantage, be removed to the Gopalaswami temple in Kucheppanapet (No 4 above) where Puja services could be regularly attended to. The Dy Commissioner's opinion will be asked on the subject.

Vide Docket no 117 dated 22nd January 1902

(8) Killè Ashurkhana:—

This Ashurkhana enjoys a small Inadik grant (Rs24-3-0 a year). It is a very large building, with a big ornamental compound wall all round. A few of the Mohomedans of the place prayed for the repairs of the main building which is almost in ruins. The cost will I am afraid amount to thousands of rupees, and the Mussalmans in the town being very poor, no contribution could be expected from them.

It seems to be quite enough if only a portion of the main building at least the mantap where Dodo is exhibited every year, is repaired. The Amildar was asked to prepare and submit an Estimate for this.

DVL no dated 25th January 1902 to DC Bangalore.

Started for Bangalore by 7. P.M. Train.

Submitted to the Dewan
